Alchemy Emporium Features Key:

Help Evan and Elsa's brother, Jake, save the world.

Play as or against the Brotherhood of Evil as you compete for domination of the world.

Fight the forces of the Master alongside Evan and Elsa.

Use cunning strategy and teamwork to defeat your enemies.

Explore virtual worlds with over 200 missions, 20 different building types (storage, shipyard, factories, research labs, etc.), 150 upgradable attachments, and 43 NPC factions to influence.

The world has been taken over by the Brotherhood of Evil. Now it's up to you to see that the free world has a future, and combat the Brotherhood of Evil to ensure that it is saved.

WORLD UNIQUE

This game focuses a lot of time and effort to make every building type in the game unique, and features the game's first virtual world to come to life using the same technology it will be released in. You'll feel like you're stepping into an actual universe through the *Illumination Engine* of the game.

UNIQUELY BRAND NEW GAMEPLAY

Features new strategic choices you have never seen before with the Brotherhood of Evil! Complete your quests as Evan or Elsa. The decisions you make will ultimately determine who leads the Brotherhood. Decisions you make with your new followers or the renegade soldiers may change the entire direction of the Brotherhood.

ENDLESS MULTI-PLAYER

You can play against the AI, NPC factions, or with your friends and team up with them in an effort to defeat your enemies! You can even play offline as long as you install the game first.

Key Features:

- Fight against the Brotherhood of Evil and seek to defeat it. When the world is saved, your name and story will be added to the sourcebook history.
- Act as Evan or Elsa as you compete for domination of the world.
