Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. Evaluation of an enzyme-linked immunosorbent assay (ELISA) for the detection of antibodies against avian adenoviruses in sera from swine. An enzyme-linked immunosorbent assay (ELISA) that detects antibodies against avian adenovirus (AAV) was evaluated in pigs exposed to this virus. Antibodies were detected in all pig sera that had an AAV neutralizing titer of 1:20 or greater. The cut-off value for the AAV-ELISA was determined to be 0.10. The ELISA had a sensitivity of 91% and specificity of 98% when tested against sera obtained from AAV-infected chickens. The ELISA was not influenced by age or sex of the pigs, or by the titer of AAV-neutralizing antibodies that they had.
