Dotnetfx45 full x86 x32 free download offline net framework 4.5 full language pack.net framework 4 full language pack x86 x64.Q: Casting int to char is throwing weird output I have a program which reads in input from a file and creates a struct array based on the input. The data is loaded from a file into the struct directly, so I can't just use a string array.

```
#include #include #include using namespace std; int main() { ifstream infile;
infile.open("input.txt");
```
