
Western Union Bug Activation Code [BEST]

Even though I stated not thinking because of time zones, I am very upset with AT&T & they put me at the mercy of this con artist using the Western Union name, as I am aware of the Western Union rules. Yes, I need to make sure the Federal Reg must be filled out (25% of the balance, \$5) by calling them (508) 442-3620. It takes about 2 hours, but they will do it. I found out the Western Union is just a scam by this con artist, I tried to tell her, so they could actually arrest her. She told me how nice they were. I am trying to get my grant money back, but she is saying she cannot retrieve it because her account was closed. My name is Kaylee, I received a call from a woman that claimed to be an agent, spoke in broken Spanish, said she was calling from Western Union, asked for my extension, she said the grant was for \$9000 and took my number. I tried to ask her how long it would take to get the money, her answer was "No money". I asked her where to send the money and she said she would direct me. She gave me a number, and a calling to send \$290 to California. I asked why California and she said a Federal Reg must be filled out. I told her I did not want the money, but she said the money is going to a good cause. I asked again where it was going to and she said it was going to Venezuela. I told her to wait a minute and I would call you back. I called the number she gave me and a woman answered. I told her this was a scam and she asked me if I received the money already. I hung up and called the Federal Government, I told them about the scam. They said they do not offer grant or assistance and the Federal Reg must be filled out for what ever reason. I asked for the phone number and extension and they asked me to call them when I received money.

Western Union Bug Activation Code
